INSTRUCTIONS

- (1) The demand draft should be obtained from any branch of State Bank of India & drawn in favour of "Pay & Account Officer (Secretariat), Ministry of Communications" The draft should be payable at its NEW DELHI (Main Branch).
- (2) The fee for operating license is to be paid on demand only.
- (3) On receipt of application in the Ministry of Communications, an important license will be issued to enabled the team to clear the equipment from customs. The equipment should then be presented to the Engineer-in-charge, International Monitoring Station, Giatorni New Delhi- 110030 for inspection. On receipt of inspection report, action will be initiated for grant of operating license.
- (4) It is desirable that the walkie-talkies brought in by the team be capable of operation in the Citizen Bank (26,965 to 27255 MHZ) with R F power output not exceeding 2 watts. Failure to meet this requirement may cause delay in issuing operating license. In certain cases the license may even be refused.
- (5) The equipment should re-exported after the expedition is over.

Note: In order to avoid delay in the grant of W/T license (authorization) by the Ministry of Communications to the Mountaineering expedition parties, the following frequencies with the working parameters mentioned against them have been earmark/Unauthorized.

S.N.	Frequencies	Emission	Power	Time	Locations
1.	150.175 MHZ	16KOF 3F	Upto Watt	H-24	Mobile operations in the Himalayan Mountain Regions, all India basis
2.	150.900 MHZ				
3.	26.968 MHZ	6 KOJ3E	Upto 500 Watt	H-24	All India basis
4.	26.976 MHZ				

All the Mountaineering Expeditions should keep their requirements within the above frequencies and parameters as far as possible. This will help in expeditious clearance/authorization for grant of W/T license.
